

Corrective & preventive use

Patented surface enabling to free vehicles mired in sand, mud or snow

ADVANTAGES

- > Self recovery mat
- > Excellent grip of the tires
- > Flexible
- > Lightweight
- > Compact
- > 100% recyclable
- > UV and wather resistant

Technical specifications

Dimension		Weight 1 band	Kit reference White
Width	Length		
0,5 m 20"	3 m 10 ft	3 kg 6.5 lbs	300365-0300
0,5 m 20"	5 m 16,4 ft	4,5 kg 10 lbs	300365-0500
0,8 m 31"	8 m 26,2 ft	11 kg 24 lbs	300366-0800

2 non-slip strips included in each kit

Traction-mat™ A2X can support up to 40 tons (depending on the type of soil)

Tensile strength*	>100 kN/m 10 t/m 680lb/ft
Weight	<2kg/m² 0.4lb/sqft
Temperature of use & storage*	-40°C / + 80°C -104°F / +176°F
Combustion behaviour	UL94 HB

Up to 5 years warranty

Company certified ISO 9001 and ISO 14001

*Non-contractual technical data which does not constitute any guarantee

Made from a roll of high-density polyester mesh with a patented non-skid surface, Traction-mat™ ensures excellent grip of the tires in extreme conditions.

Quick installation & low maintenance

QUICK INSTALLATION

Traction-mat™ is easy and quick to install.

Unpack, unroll and anchor the mat on the ground !

Easily stored on the hood, roof, or in the cargo compartment of tactical vehicles or conveniently strapped to front, side or rear grills and racks, Traction-mat provides to operators a simple tool to free vehicles mired in sand, mud or snow.

A stainless steel eyelet at each end enables the mat to be secured to the ground by means of a stake supplied in the kit.

EASY MAINTENANCE

Excellent corrosion resistance:

- **Galvanized steel anchors**
- **Aluminum rivets and stainless steel eyelets**

Use a broom, a leaf blower or a high pressure water jet to clean Traction-mat™.

Easy self recovery on any type of soil

MUD

PEBBLE

SAND
